Pine Creek Loops

(starting at Kellogg Depot Trailhead)

Route Directions:

Take I-90 to Exit 51. Turn South on Division Street, cross Railroad Avenue, and turn right into the parking lot of the Kellogg Depot Trailhead of the Trail of the Coeur d'Alenes.

There are three loops described here. You can make many more variations. The three are:

CIA Loop: 4 ¾ miles

Pine Creek Loop: 10 ½ miles

Pine Creek Loop with a climb to Page: 12 ½ miles

All three loops contain a 2 mile section between the CIA and I-90 that has some pavement, but is mostly packed gravel. All but the last couple of hundred feet can be ridden with tires as skinny as 700C-32.

At the end of your ride, you can return to I-90 at Exit 51 (where you got off) if you are heading East. If you are heading West, turn left on Railroad Avenue from Division. At the stop sign (Hill St) turn right and go under I-90 and get on at Exit 50.
